Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Tuesday 19 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain, heavy at times, moving eastwards overnight. Another mild night.

This Evening and Tonight:
Largely dry this evening, before cloud and rain, heavy at times, moves eastwards across the region overnight. Rain should clear away to the east by dawn, with clearer spells developing to the north and west. Another mild night. Minimum temperature 13 deg C (55 deg F).

Wednesday:
Early rain clearing east. Showery rain, heavy and thundery at times, moving quickly northeast during the morning. Risk of hail and gusty winds. A drier afternoon ahead of rain overnight. Maximum temperature 18 deg C (64 deg F).

Outlook for Thursday to Saturday:
Rain clearing, then mainly dry, but becoming colder with scattered showers, strong winds and possible coastal gales. Further showers and easing winds Friday. Mainly dry and bright Saturday, becoming breezy.
